## Headmaster's Corner

This year, Great Hearts Headmasters are tasked with deepening the culture of learning, the culture imbued with goodness, truth, and beauty, at each of our schools.

On our campus, the teachers, staff, and students will be working on improving our **Growth Mindset – Accepting Challenges**. I would like to challenge all our families to work on this goal with us.

We will be helping you learn what it means to “grow our brains,” achieve with effort and new strategies, never quit, face mistakes as opportunities to learn and get better. At our school we are not so much in the achievement business as we are in the learning business, each one of us striving every day to be better, do better, and do our personal best academically, spiritually, morally, socially, emotionally, and physically.

No complaints now. No quitting. There is no such thing as failure, just mistakes to recover from and overcome in the future.

Time to take the challenge. Accept we need to grow and commit ourselves to growing in every area of our lives – at home, at work, at school, and at play.

Have a great day and enjoy growing your growth mindset!
