

Guidelines for Uniform Shoes

Listed below are the guidelines you should follow when purchasing black shoes for school. Shoe must be an entirely black, low-top sneaker or dress shoe. Shoes with soles that are not black are acceptable if the color is **only** visible when the student is kicking a ball or when the student’s legs are crossed. If a student is standing flat on the ground, the only color visible should be black.

If you are unsure about a particular shoe, please check with the Dean of Students before purchasing. You can e-mail pictures to Sara Swinford at sswinford@archwayglendale.org.
