Mount Rushmore

Four special presidents are honored at Mount Rushmore. Their faces have been carved in stone on a mountainside in the Black Hills of South Dakota. These four men are **George Washington, Thomas Jefferson, Theodore Roosevelt, and Abraham Lincoln**. It took over fourteen years to carve, or cut, the faces. Workers blasted the rock with explosives before they carved. They hung from ropes high above the ground to do the carving. The faces are about 60 feet tall! The Mount Rushmore monument is one way to show thanks and respect to these four presidents.

Copywork:

Mount Rushmore was made by blasting the mountain and then carving the rock into the shape of faces.
