Yearbooks

The 19/20 yearbooks have finally arrived!

If you ordered engraving, there was a glitch. You will not see any engraving on your yearbook. The Archway Glendale PSO Yearbook Coordinator will follow up with you once a decision has been made about what will be done.

For Brick and Mortar students, yearbooks will be sent home with students tomorrow (Friday, 9/4).

For Distance Learning students, please pick up your yearbooks in the school office, any time next week. The office is open from 7 to 3:30.

Google Classrooms For Specials

The special's Google Classrooms will be moving to one combined classroom per grade. Student's will have until next Friday, September 11th, at 3 pm to complete any outstanding assignments. Students will not receive any credit for assignments completed after that time. Please join your grade's new special's Google Classroom for assignments beginning on September 15th. Please reach out to the specials team directly with any questions.

The school office doors are now locked all day. Please ring the doorbell if you are not buzzed in by the office staff.

Health and Safety Update From The Dean of Students

Archway Glendale now has two day porters. This additional help allows for extra sanitization of the campus. Touchpoints, the playground, and other high traffic areas are cleaned several times throughout the day. At Archway Glendale, people make the difference. The amazing day porters serve the school by creating a safe and inviting environment.

Academy Giving

Both Brick and Mortar, and Distance Learning students need your support! Parent partnership through Community Investment is an important part of the funding formula for Archway Glendale. Every family's participation, at any level, is vital to our teachers and the educational priorities of Archway Glendale. If you have yet to give to this year's campaign, [please use this link](#) to establish your monthly giving schedule, or enter a one-time gift. Thank you for your consideration in supporting our great school!

Message From Mr. Kersting

Let me address our Distance Learning Families. I know our teachers are working numerous hours learning how to teach students most effectively at a distance while still successfully teaching our brick and mortar students. Please email me any suggestions you want us to consider for improvement.

On-campus, we have put in a number of safety practices for our teachers and staff. In addition, teachers are helping students learn to consistently follow safety procedures themselves while still allowing our students to enjoy school and have fun learning.

Distance Learning Families, you will be heartily welcomed back on campus to start the 2nd quarter if you decide that is best for your family. Please make your decision known to our office staff by email no later than September 25th, so we can successfully plan a smooth transition. It may include students having a different teacher, but you are probably getting used to the ever-changing world brought on by the COVID invasion.
