Re-Enrollment Due Today - 3/11

Today is the deadline to save your child's seat at Archway Glendale for the 21/22 school year! Please follow the steps below and complete re-enrollment now!

1. Log in to the [Enrollment Parent Portal](#) using a computer. Google Chrome is recommended.
2. Click on the Re-Enroll Now button, select a student, click on the Show Applications button, then the Start Re-Enrollment button; fill out the re-enrollment packet. Please be sure all of the information is correct (addresses, phone numbers, etc.). If you need to update any information, please select the option to indicate you made changes that way the school can easily identify whose information needs to be changed.
3. Please e-sign the re-enrollment packet and submit it before Thursday, March 11th.
4. Scan and email your AZ Residency document to [Mrs. Fleming](#) by Thursday, March 11th. A driver's license, electric or water bill work best. The document you provide must list the physical address where the student resides and should match the address in the re-enrollment packet.
5. Once all of the re-enrollment materials have been submitted, you will receive a confirmation email securing your student's seat for the 21/22 school year.

Headmaster Corner

I hope you have been reading these “corners” presenting the crucial role of trust for the success of our school, our work, and our family lives. More importantly, I hope you will commit to becoming a trustworthy person, one who practices the 13 high trust behaviors.

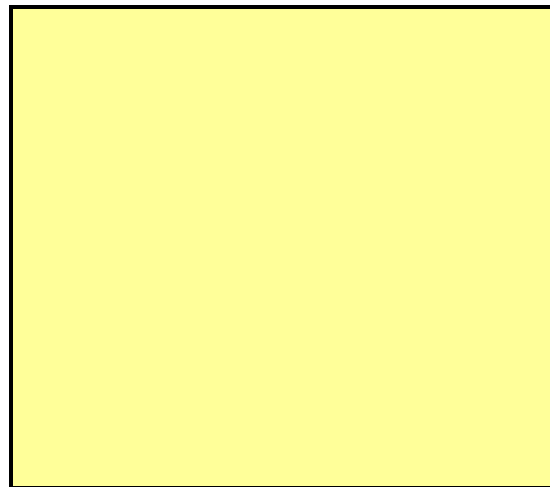

Talk straight, demonstrate respect, create transparency, right wrongs, show loyalty, deliver results, get better, confront reality, clarify expectations, practice accountability, listen first, and keep commitments; if you have been working on getting better at these first 12, it is time to expand your horizons and practice #13: Extend Trust.

Demonstrate to your family members, your dear friends, and your work colleagues a *propensity* to trust. To those who have earned your trust, extend trust abundantly. Extend conditional trust – trust but verify – to those who are earning your trust. Work hard to learn how

to appropriately extend trust to others based on the situation, risk, and credibility (character and competence) of the people involved.

Do not withhold trust because there is some risk. Trust cannot be practiced or built unless we are willing to extend trust to others. This is how an organization grows and gets better. No growth is possible without taking some well-considered risks.

Please feel free to share with me your thoughts or experiences in practicing the 13 high trust behaviors. I hope you have received some insight into how our school community -faculty, staff, students, and families – can strive to be a healthy community where hearts and minds are formed in virtue and truth.
